DETAILED ACTION

Allowable Subject Matter

1. Claims 1-15 & 19-21 are allowed.
2. The following is a statement of reasons for the indication of allowable subject matter:

the allowability resides in the overall structure of the device as recited in independent claims 1 & 21, and at least in part, because claim 1 recites: "a slide that is attached to the bottom of the protective case and a cradle that sits on a solid surface, where the cradle holds the slide in an internal track," and claim 21 recites: "a slide that is attached to the bottom of the means for the protecting the computer unit, and a cradle that sits on a solid surface, where the cradle holds the slide in an internal track." The aforementioned limitations in combination with all remaining limitations of claims 1 & 21 are believed to render the claims and all claims dependent therefrom patentable over the art of record.
